

Area or Program: **Hospitality Team**

Role Title: **Hospitality Minister (SPACE)**

Helpful Skills:

Charisms for Hospitality, Music, and/or Craftsmanship
Being “handy,” or artistically/musically talented.
Lots of love for the youth.
Hardworking and prayerful.
Focused on making an environment that will help teens encounter Christ.

Duties and Responsibilities:

Provide for the environmental needs of youth ministry: ie decorations, music, props for activities, etc.
Apprentice teens who want to develop their gifts in these areas and serve others.
Clean up decorations, etc. after events.
*Work within a budget.

Training/Support: VIRTUS, Called and Gifted

Supervision/Accountability: Report to the Hospitality Coordinator

Benefits: This is a fun opportunity to turn vision into reality in a concrete, experiential way. The planning team often comes up with ideas that we don't have the ability or energy to make, whether they be decorative, spatial, musical, etc. This is an opportunity to grow as a disciple while exercising these gifts in a very meaningful way. You'd also have lots of fun, be part of a community of ministers, and deepen your relationships with the teens!

Additional Commitments: This position will have variable needs depending on the youth ministry activities going on at any given time. Some flexibility required.

Length of Commitment: One Year (Renewable)

\*When we do budgeting for next year, faith formation will be examining how we've done budgeting for ministry events in the light of how the ministry needs are growing. Right now, we are relying on the generosity of our team members, families, and staff in donating materials, etc.
